National Equipment Corporation Is to Organize to Direct Expenditures.

WARFIELD PLAN ADOPTED

Money for New Rolling Stock Will Be Made Available at Once.

Figure 15 THE SEN AND NEW YORK HERALD, WASHINGTON, June 7.—A national equipment corporation to finance the needs of the railroads of the country fer new equipment in the present emergracy is to be organized and chartered by the National Association of Owners of Railroad Securities. The action of the seoclation is in response to the suggestions of the Interstate Commerce Commission, which said that such a body seemed desirable, but that the commis-seemed desirable, but that the commis-see could not undertake the organisa-

The suggestions were a part of an order issued by the commission to-day assouncing the apportionment of the 1308,600,000 revolving fund provided in the transportation act to serve the best interests of transportation. Of this 175,000,000 was allotted for the acquisilies of freight cars. \$50,000,000 for the acquisition of locomotives, \$73,000,000 or additions and betterments that would estiy facilitate transportation, \$50,-660,000 to meet maturing obligations and needs of the short lines.

### CURB MARKET.

Trading in curb securities was resumed yesterday with moderate activity and the trend of the market for them was higher except toward the close, when the tone was rather uncertain. In the afternoon gains of some shares were wiped out, but net advances were the rule at the close. Texas Pacific Coal and Oil was again conspicuous for its strength and activity. It early moved up 3 points, but weakened toward the

### COTTON MARKET.

There was yesterday little feature to the cotton market, its business continuing dull and mostly of a professional nature. Under the influence of improved weather conditions in the cotton belt the list, except July, showed a reactionary tendency during most of the session. July, the spot option, however, ruled relatively firm and showed a coints gain from Saturday's final bids. The weather map showed yesterday no precipitation in the belt except for a favorable, fair and warmer weather be-ing indicated. Liverpool cables were y offset by the weather. The English narket for spot cotton was dull, 4,000 bales of the actual article changing

hands. Liverpool reported support by the Continent and better Manchester generally 2 to 38 points lower on the 15 1/2 to 15 1/2 for Rio 7s. and 23 1/2 to 24 1/2 general list, but up 25 on the spot confor Santos 4s. tract, July. Immediately after the call the market met heavier pressure and soon dropped to a level of 10 to 40 bewhile an early seller, bought moderately later in the day. Locals and the

### GRAIN MARKET.

Weakness developed in the last half hour of yesterday's session of the corn market, considerable of that cereal coming out. Some larger commission houses sold freely on that decline, which was due largely to lower cash prices and reports that one industry had a large shipment of Argentine corn en route and which it had obtained on a \$1.50 basis. There was a slight recovery from the day's low figures in the last minutes of trading, but the close was 1½c. to 2%c. less than Saturday's final quotations. Prior to that liquidation the market had exhibited a somewhat irregular tone. Futures dropped at the opening, but the pressure was light and due to favorable weather and improved crop reports. A CHEESE—Receipts yesterday, 6,154 packages.

The West Side hotels listed below are all situated in the most desirable residential section of New York city, between beautiful Central Park and the magnificent Hudson River. All means of transit are of the very best, comprising the subway, L, surface cars and the Fifth avenue buses, which make all parts of the city readily accessible. These hotels are particularly attractive to visitors to New York or those seeking permanent residency.

There are a few apartments that we lease every year to those who wish to make the Hotel Belleclaire their permanent home during the fall and winter. The demand this year is unusualquickly if they wish to negotiate leases. Robert D. Blackman, Proprietor.

Train for a High Salaried Position as

# **Expert Accountant**

Spare time training is the practical stepping-stone to mastery of business analysis. Ambitious workers in office, store and shop-clerks, stenographers, store and shop-clerks, stenographers, salesmen, store and snop-bookkeepers, correspondents, salesmen, etc.—can progress ragidly to positions as Expert Accountants, and do it with-out interference with their present busi-ness duties. Positions in this field pay from \$4,000 to \$10,000 and even \$15,000 or more a year. Start on the road to promotion and increased salary to-day by mailing the coupon. We will send you full information as to the LaSails home-study course in Higher Accountancy, the reasonable cost and the convenient terms of payment. We will also send you a copy of the famous book, "Ten Years Promotion in Cne." which tells how LaSails trained men have gained in one year promotion which men without this training have not realied in ten. Call, telephone, write.
